

NEWS OF BROOKLYN.

REPUBLICANS BUSY DAY.

EVERY EFFORT TO BE USED TO MAKE VOTERS QUALIFY.

NO STONE WILL BE LEFT UNTURNED TO BRING OUT EVERY SOUND-MONEY ELECTOR—THE LAST DAYS OF REGISTRATION.

Republican party workers will be busy from sunrise until late at night to-day getting out the voters who failed to register on Friday and Saturday of last week. The party managers are by no means satisfied with last week's registration figures, notwithstanding that the total was remarkably large for the two days. The favorable trend of affairs this year was shown last week by the especially large registration in the Republican wards. It is not thought that the Democrats will be able to overcome the Republican lead, but at the same time the Campaign Committee is convinced that there are still thousands of sound-money men in the city whose names are not on the books, and to these they appeal to take the earliest opportunity to day to join the army that will wipe out the last sign of Bryanism in this city on Election Day.

The Campaign Committee has done everything in its power to enlist every Republican in the city in the McKinley ranks. Yesterday 100,000 cards were sent out to voters in all parts of the city, urging upon them the necessity of registering to-day. The notices were emphatic in tone and bore the command: "Don't wait for to-morrow."

Mr. Brenner also sent letters to the presidents of the 628 election districts urging them to send men to every house in their districts in search of delinquents. The activity of the Republicans in working to get out every vote in the city is the most decisive proof they have yet given that they expect a big victory if the electors turn out in full force.

Chairman Brenner urged his lieutenants yesterday to warn electors that it is to their interest to give their names accurately when questioned by the inspectors. It has been found that many persons have registered under a record as over twenty-one, whether or not the number of years credited to them was within ten or a dozen of the correct number. Mr. Brenner says voters will find it to their advantage to insist upon absolutely correct entries in the enrollment books.

The Board of Elections sent out a list of supplementary instructions to inspectors yesterday. President J. G. Moulton, of the Board, said he says in his instructions that it is not the inspector's duty to ask any voter whether he will need assistance in preparing his ballot. He also warns the inspectors that they must not leave their posts of duty in the hours of enrollment. There were last week several cases of registration in wrong districts. Mr. Moulton says that mistakes of this kind must be avoided.

The lists will be open from 7 a.m. to 10 p.m., and after the polling places close-to-night only one opportunity will be left for voters to qualify for this year's battle of the ballots.

THE JUDICIARY TICKET FILLED.

DEMOCRATS SELECT H. B. HUBBARD AND J. WARREN GREENE TO FILL VACANCIES.

The Sound Money Democrats at a meeting held at their headquarters, No. 319 Washington-st., last night, filled the two vacancies in their Judiciary ticket by selecting J. Warren Greene and Harmanus B. Hubbard, both Brooklyn men. Mr. Greene was born in Brooklyn in 1846, and after preparation at a private school entered Yale, being graduated in 1868. He went to the Columbia Law School soon afterward, and was graduated in 1870. For a good many years he has been a member of the firm of Arnold, Greene & Patterson. He is the counsel for the Civil Service Reform Association.

Harmanus B. Hubbard was born in Brooklyn in 1838, and received his early education at the Polytechnic Institute, Brooklyn. He studied law with General H. B. Duray, and was admitted to the bar in 1862. He is head of the firm of Hubbard & Bushnell, No. 44 Court-st., and lives at No. 32, Lafayette-ave.

Edward M. Shepard desired the following to be made public concerning the two nominations:

"A large part of the nomination was in favor of nominating Jacob S. Van Wyck, one of the best known members of the organization, and living in the Eastern District, but Mr. Van Wyck is a candidate for Congress, and preferred not to accept the nomination."

A DISCUSSION AVOIDED.

THE "POLY" DRAMATIC ASSOCIATION CHOSE OF FIGERS, BUT THERE WAS NO ARGUMENT OVER THIS MISSING CONSTITUTION.

Owing to the rumor current among the members of the Polytechnic Dramatic Association, concerning the disappearance of their constitution, the annual reorganization meeting was well attended last night in the Wilson Building.

The disappearance of the constitution is said to coincide with the origin of a strong faction which desires a change of policy, so that the circumstances excited the suspicion of the conservative element.

Although there was no open demonstration it was evident that the members were rather cautious.

Sterling S. Beardsey, the president for the year, opened the session by some cautious allusions to the facts concerning the disappearance of the constitution, and succeeded in avoiding any unnecessary discussion on the subject. The business of electing officers for the present season was then taken up. Mr. Beardsey, although urgently requested to postpone the election, reluctantly consented. Alfred Muller was unanimously chosen in his stead. Henry R. Codwise was elected to the vice-presidency; J. L. Bergen secretary, and P. O. Moore, member-at-large. After outlining the proposed action for the year '95-'96, the meeting adjourned.

Among those present were Messrs. Chandler, Bonney, Underhill, Brower, Cocks, Mason, Fraser, Robeson, Thompson, Bergen, Dresser, Cameron, Huntington and Putnam.

THEIR NEW HOUSE OPENED.

THE MEMBERS OF THE STUDYESANT HEIGHTS REPUBLICAN CLUB RAISE A FLAG AND HOLD A MASS-MEETING.

The campaign was opened in the Twenty-third Ward last night by a mass-meeting at the club rooms of the Studyesant Heights Republican Club, Halsey-st., near Lewis-ave. Before the meeting there were fireworks and music, and a large flag was raised in front of the headquarters. A. W. Gleason made a patriotic speech from the plazza, which aroused much enthusiasm. The meeting was the occasion of the opening of the remodeled and enlarged clubhouse of the organization. The building was decorated with Chinese lanterns and flags, and portraits of McKinley and Hobart, were to be seen everywhere. After the flag raising, the crowd took possession of the clubhouse, where a mass-meeting was held. Lorin Andrew, chairman of the Campaign Committee, presided, and speeches were made by S. Bishop Marks, secretary of the club; Joseph C. Cabbell, president; Congressman Wilson, Assemblyman, and Assemblyman Mason, and Senator Wm. C. Frazee. About 9 o'clock the Leod Morris Club of the Twenty-third Ward, which was having a parade, passed the door and serenaded the meeting.

NONE WANT THIS GOLD.

TWENTY-TWO OUNCES OF BRYAN'S BUGABOO GOES BEGGING FOR AN OWNER.

Perth Amboy, Oct. 15.—Chief of Police Burke of this city has in his custody twenty-two ounces of gold, valued at about \$200. He doesn't own it, and apparently no one else does.

The gold came into the chief's hands in this way: David Anderson, an expert refiner, who was employed in the Guggenheim refinery, was arrested on a charge of stealing gold from the firm. The man's trunk was searched and the twenty-two ounces were found. It was alleged by the firm that Anderson, while carrying the molten gold from the smelting pot to the mould, would drop some into the sand and would then gather it up and carry it away.

Anderson's trial occurred in New-Brunswick yesterday. Anderson disclaimed ownership of the gold.

The Brooklyn Baptist Social Union held one of the five dinners which it holds annually, at the Union League Club, last night. The question for discussion for the evening was "The Tenement-House Question." The first address was by Arthur W. Milbury, on "Tenements and Lodging Houses at Home and Abroad." Mr. Milbury illustrated his paper with a series of stereoscopic views.

SANITARY DELEGATES AT BARREN ISLAND

The National Sanitary Association met yesterday at No. 35 Bridge-st. At 11 o'clock the delegates made a trip to Barren Island, and inspected the garbage plant now in course of construction. While on their trip the delegates elected officers and transacted other business, after which their convention was declared adjourned.

BICYCLES IN PLYMOUTH CHURCH.

Historical Plymouth Church, of which Henry Ward Beecher was formerly pastor, and which Bryan is now filled by the Rev. Dr. Lyman Abbott, has succumbed to the bicycle. The covered passageway on the west side of the church is to be fitted for the reception of thirty wheels. There will be an attendant on charge of the wheels while services are going on. If this accommodation is not large enough, more space will be provided.

NEW-JERSEY NEWS.

THE MIXED FOURESON HANDICAP.

IT PROVES TO BE ONE OF THE MOST SUCCESSFUL GOLF CONTESTS OF THE SEASON.

One of the most successful tournaments of the season at the Morris County Golf Club was the mixed foursome handicap, which was played there yesterday. This form of the game has met with much favor wherever it has been tried, and affords a pleasant variation from the more common methods of play. Nineteen couples took part, the largest field in a mixed foursome ever seen in this neighborhood. The competition lasted throughout the entire day, the earliest starters beginning at 10 a.m., and the last pair finishing at 5:30 p.m. The players were handicapped carefully, according to the abilities of the two members of each team. They were then sent out by fours, so that each pair might have another to play against, as an incentive to good work.

Mrs. W. Allston Flagg and C. F. Watson, who were among the last contestants to come in, were the winners, with a score of 100-20-89. They played skilfully together, and showed ability much beyond what the handicappers had suspected. Mrs. Joseph B. Dickson gave a prize to each of the victors. James A. Tyng, the expert golfer of the club, played with Miss Marian Forsyth, who has had little experience. They were the only scratch pair, and handed in the best actual score, 101. Miss Forsyth supplemented Tyng's fine drives and approaches with clever work on the putting-greens. Mr. and Mrs. William Shippens were only two strokes behind them, with 103. In general, the best driving and long approachings was done by the men, while the women excelled at the short game. The combination made an interesting tournament to watch. The large number of players depleted the spectators' ranks. Among those who looked on were General Jewett, Mrs. W. L. Cushing, of Dobbs Ferry; Perry Colonel Wood, Mrs. Marmaduke Tilden, Mr. and Mrs. H. McK. Twombly, A. B. Frost, Ransom H. Thomas, Miss Hopkins, and C. S. Cox. George G. Kip, of the Green Committee, was in charge of the tournament. Following are the best five actual scores:

Mrs. Forsyth and J. A. Tyng, 100-20-89.

Mr. and Mrs. William Shippens, 103.

Mr. and Mrs. W. Fellowes Morgan, 103.

Miss Alice Post and J. O. Post, 103.

Mr. and Mrs. E. H. Miller, 103.

Mr. W. A. Flagg and C. F. Watson, 103.
